

HARLEY BEARD LEAVES WARNING TO HOMELESS YOUTHS

Columbus, Dec. 4.—In his last hour on earth, Harley Beard wrote a statement which he dedicated to boy and

girl orphans, the homeless and the social outcasts. "Boys and girls," are the words written by the 18 year

old boy, who died in the chair "stay away from bad company, cigarettes and intoxicating stimulants. I never

had a chance. I was motherless and fatherless and if I could have had a chance I would never have been put in

the penitentiary. Even though they say I'm a murderer, I got a good heart, which goes out to any one in trouble, and you can go anywhere and

ask what kind of a fellow I was and you'll find I got a good name. So young men, stay away from cigarettes. I know them and what they did

to me. I did not know what I was doing when I got into trouble." The statement by Beard covers two closely written pages, but the theme of

the entire message is for young men to take their own case as an example and avoid the pitfalls into which he himself fell.

"In the eastern theatre of war the enemy's attacks east of the plain of the Masurian lakes were repulsed with heavy losses to the Russians. "Our offensive in Poland is taking its normal course. "His majesty, the Emperor, arrived in Berlin last night for a short stay. (SIGNED) "Chief of the Army Administration."

Cause Of Trouble In Colorado Made Plain

Denver, Colorado, Dec. 4.—The direct statement by former United States Senator T. M. Patterson, that the Colorado Fuel and Iron company, and by inference other companies, had employed groups of miners of different nationalities in order to reduce the possibility of cooperation to improve working conditions and that the coal companies in elections returned almost unanimous majorities for men and measures the companies desired, identified today that Mr. Patterson would lead the federal commission on industrial relations deeper into the underlying cause of the unrest in the coal districts.

MILITIA ACT A SUCCESS

Washington, Dec. 4.—The new militia act is working well, even though it has been in operation for a short period, according to Commander F. B. Bussell, Jr., chief of the naval military bureau in his annual report today. On the whole, he says, the naval militia increased in numbers during the past year. Inspectors reports showed that several organizations are top heavy with officers and petty officers, and in many cases the rank of the officers is too high. The commander recommends that at least one competent yeoman be assigned to each naval militia vessel to assist in the clerical work. He recommends also that some of the old battleships now in reserve, be assigned to a naval militia of certain states.

RABBITS MAY BE FREELY KILLED

Columbus, Dec. 4.—No definite date for the end of the extended hunting season was set by the agricultural commission in its order issued this afternoon announcing that rabbits have become a nuisance and may be shot freely despite the legal provision that the hunting season shall end today. December 10 had been the tentative date mention for the hunting extension but after several hours' deliberation the commission decided to leave the time limit for later determination.

Coal Men Disagree; Operators Consider An Open Shop Plan

Cleveland, O., Dec. 4.—That the operators in the eastern Ohio coal fields, where a strike of 15,000 miners has been on since the first of April last, are considering the advisability of operating their mines under the "open shop" system as a result of the failure of the joint conference of the miners and operators to reach an agreement at the joint conference which adjourned here shortly after noon today, became known immediately after the conference. Word was passed among the operators to attend a meeting to be held here Monday afternoon next, and it was stated unofficially, but authoritatively that the "open shop" plan will be discussed. It is said to be the belief of many of the operators that not a few of the 15,000 miners would break away from the organization of the United Mine Workers of America and go to work. At the joint conference which adjourned today, the operators said they would not pay a cent in excess of the one paid last year which was 44.61 cents a ton. The miners remained firm in their demand for 47 cents. The present scale, over which the eastern Ohio operators and miners have disagreed, was adopted several months ago by miners and operators in other parts of Ohio and has a year more to run, dating from March first next.

Statements made tonight are that Milady will wear a tailor-made suit with plenty of plaits in the skirt, when she starts out on her Easter morning display of fineries.

Green report of a concentration of Bulgarian troops. "The Austrian general staff reports that fighting near Novo Radomsk and Lodz is developing favorably. "A special dispatch from Gothenberg, Sweden, says a south Danish commercial newspaper reports that in 1909 Great Britain threw out a fever to Holland about the possibility of concluding a military convention. Holland declines because such a course would be incompatible with her neutrality. As a reply to Holland, the Anglo-Belgian agreement was concluded, where upon Holland fortified Flushing. "The gold reserve of the Imperial bank is 1,911,000,000 marks (\$498,000,000), an increase over last week of 32,500,000 marks (\$8,125,000). Kansas City, Dec. 4.—The municipal cold storage plant in Cleveland, Ohio, proved unsuccessful from a financial standpoint, Homer McDaniel, of that city, told the convention of the American warehouse men's association here today. Mr. McDaniel described the operation of the Cleveland plant. "Efforts to get housewives to store food supplies in the municipal warehouse resulted in the storage of only 150 dozen eggs, after a hard campaign of solicitation," he said.

WARSHIPS IN ADRIATIC

London, Dec. 4.—7:50 a. m.—A dispatch to the Central News from Berlin says that according to an official announcement made there, a number of transports, escorted by British and French warships, have reached Antivari, the sole support of Montenegro. The Austrian ships guarding the coast are said to have retired before the newcomers. Austrian aeroplanes are active, it is stated, making disembarkations from the transports unsafe.

ITALY READY

Rome, Dec. 3. (9:20 p. m.)—Many members of parliament consider that the statement of Premier Salandra in parliament today in which he advised that Italy maintain her attitude of watchful and armed neutrality and made a reference to what he termed the just aspirations of Italy, together with a demonstration by the members means that Italy is now ready. Deputy Labrola, a prominent member, summarized his opinion of the sitting by saying that "one word more from Salandra would have meant a declaration of war."

"I think it is awful to send me to my Father this way."—Last words of Harley Beard.

Columbus, Dec. 4.—Within less than twenty minutes, Harley Beard, aged 18, and Wesley Jenkins, colored, aged 30, were put to death in the electric chair at the Ohio penitentiary shortly after midnight this morning. Beard was executed for the confessed murder of three members of the Massie family in Lawrence county last May. He was first to go to the chair, Jenkins, who protested his innocence until the end, killed his sweetheart in Dayton with a baseball bat. There was contrast in the manner with which the two men approached death. Beard's face was ashen and his eyes closed. His step was restless—he appeared fully resigned. His expression was somber and blended with the hushed silence of the fifty spectators. "I think it is awful to send me to my Father this way," he declared, when asked if he had anything to say. Two applications of current were required to end his life. The first was turned on at 12:00. Prison Physician O. M. Kramer and his assistant, Dr. A. J. Schumaker, examined the body. They agreed Beard was not dead. Another shock was applied and he was pronounced dead at 12:16. Jenkins, indifferent, cool and nervous, sat down in the chair with a smile on his face. He surveyed the throng in the chamber and attentively watched the officials as they strapped him into the chair. "All right; go ahead," answered the negro when Warden Thomas asked if he had anything to say. He complacently relaxed his stocky body as the mask was placed on his face. After one shock Jenkins was dead. The current was turned on at 12:20 and he was pronounced dead at 12:24. The current used in each shock was 1,750 volts, which was reduced after a few seconds and then increased. Although both were served with the meals they ordered, neither Beard nor Jenkins ate heartily. They passed all of their time after supper in religious devotions. Relatives claimed the bodies. That of Beard will be sent to Frank Ba for burial. Jenkins' father, Martin Jenkins, arranged to have the body of his son sent to Dayton, Tennessee, for burial.

COAL SCREEN JUNKET WIPED OUT ALLOWANCE

Columbus, Dec. 4.—State Auditor Donahay today criticized the coal screen commission which made investigation preliminary to drafting of the mine run law, for spending every cent of the \$5,000 appropriation made for it by the legislature, a balance of forty-six dollars left after all expenses were paid was given a clerk in the state mining commissioner's office, according to a report of an audit of their accounts, made public today. John M. Gann, received \$1,334. Morris Albough \$1,277, and W. H. Bowman \$1,266 as members of the commission. They accepted the fee of \$10 a day for their services and expenses. M. B. Hammond, Phil M. Crow and J. C. Davis, other members refused to accept the fee. The commission spent much time traveling through other states investigating mining conditions.

Directors Plead

ART TREASURE BURNED

New York, Dec. 4.—Paintings and art objects of an estimated value of about \$800,000 were destroyed by fire in the hold of the freight steamer Mississippi from Havre, which arrived here on November 27, it became known yesterday when the shipment was examined by customs officials and representatives of insurance companies. Some folks may not be aware that looting is an art but it is nevertheless. If you doubt it, you haven't been in the habit of looting regularly just try it for a time and find out. The fellow who can find something to do with himself day in and day out when he ain't got no occupation I speak of has gotta have a mental resourcefulness that gets this goat here's the weather: Ohio—Rain in south; rain or snow in north portion tonight and Saturday. Colder in south portion. Kentucky—Rain and somewhat colder tonight. Saturday partly cloudy.

A Store With A Conscience

YOU may think it strange in our mentioning such a store but the management of some stores is like some people—they do not always have their conscience with them. Our store is one with a conscience and you'll find it there in full working order every day. Stop and think—if we give you one hundred cents worth for every dollar spent with us don't you think we are entitled to your trade and wouldn't it pay you to go out of your way to trade with such a store? It certainly pays us to operate our store on conscientious business principle—our store has been a success from the very start. When anything is wanted in men's and boy's wearing apparel we suggest that you visit the store of Hall Bros. in the Masonic Temple, corner of Chillicothe and Fourth Sts. Get acquainted with this firm's methods of doing business—you can't lose.

Mortgages Released By A Credit Bonding Co.; Peerless In List

Columbus, Dec. 4.—Letters were mailed today from the office of the state insurance department to 1,500 borrowers from a string of small loan companies in twenty-five Ohio cities, releasing mortgages given by the borrowers to a credit bonding company of Springfield, Ohio. The letters were signed by the credit bonding company, whose offices in Springfield were raided several months ago by Robert M. Small, deputy state insurance commissioner. Books of the company were seized then and an investigation of the company's alleged bonding business conducted. The company agreed to quit business and not to attempt to collect on mortgages given by borrowers from small loan companies.

Borrowers were told in the letter to notify their attorneys, if any one attempts to take legal steps to collect on the mortgage. The insurance department announced today that in view of the company's action, it has dropped further consideration of the case. The borrowers, most of whom are workmen with small wages and who mortgages were cancelled, are in Portsmouth and several other larger and smaller cities. Deputy Insurance Commissioner Small declared today that the mortgage security for small loans aggregating between \$105,000 and \$120,000 are removed by the company's action.

Ohio Crop Report For November Most Encouraging To All

Columbus, Dec. 4.—Apples are so plentiful in southeastern Ohio that growers can not dispose of them at a profit, according to the November crop report issued today by the state agricultural commission. The condition of the 1914 yield of apples is given as 101 per cent by the commission. This is asserted to be lower than the 1913 condition, but the report stated that the actual production would be greater because the condition is higher in apple growing countries. The report shows that the growing condition of wheat is 97 per cent of an average, which is considered good for this time of the year by members of the commission. The average yield per acre of corn is 37 bu. for 1914 compared with 36 bu. for 1913. The total estimated production in bushels for 1914 is 107,463,240, compared with a production of 108,864,120 bushels last year. The yield of cloverseed is estimated at 159 bushels per acre. The report on live stock does not show evidence of the effect of the quarantine imposed on account of foot and mouth disease. officials declared in explaining the report. The number of cattle being fed for the spring market is 72 per cent of an average, and the same percentage applies to the number of sheep being fed for mutton. The growing condition of wheat last year as compared with 1912 was only 44 per cent. The damage byessian fly is five per cent, compared with three per cent last year. Damage done by white grub one per cent, same as last year. The area planted in corn this year as reported by township assessors was 2,301,070 acres, in 1913 this was 2,388,115 acres. The average date when cribbing began was October 19. The average production of tobacco per acre this year is 875 pounds, compared with 718 pounds last year. Dr. F. C. Goodwin came home last evening from Columbus, where he went to attend a dental meeting.

Cincinnati, O., Dec. 4.—The Rev. Jacob J. Hawk, secretary of the Western Tract society of this city said today that he is the notary before whom a colored man swore to an affidavit that he and nine other colored men were intimidated by a prominent Cincinnati politician with a revolver on election day and compelled to vote wet. The statement comes as a development of the charge said to have been made at a meeting in Portsmouth, Ohio, by S. A. Probst, district superintendent of the anti-saloon league, that a prominent citizen of Cincinnati compelled ten men at the point of a revolver to vote for home rule.

The Rev. Mr. Hawk would not give names. Mr. Probst was not in the city today.

IRON MARKET BETTER

Cleveland, Ohio, Dec. 3.—The Iron Trade Review today says: Improvement in the pig iron market noted last week has been sustained. While the buying has not been in large tonnages, recently disposed of at Buffalo, it is widespread and represents many consumers. Consequently the pig iron market is firmer, except in the south where some concessions have been made. The coke market shows now life and improvement in old material is reported at Pittsburgh. Inquiries for large tonnages of war material continue to be received and some sales have been made to foreign countries.

Head Stopped Up? Can't Breathe? Try the New External Treatment

Applied in Salve Form Over Throat and Chest Relieves by Inhalation and Absorption.

Vapor treatments are best for all inflammation of the air passages. The vapors carry the medication direct to the inflamed surface without disturbing the stomach as do internal medicines. A cheap and very convenient vapor treatment is a good application of VICK'S Vapo-Oil Rub. It relieves Vicks' Salve over the throat and chest, covered with a warm flannel cloth. The body heat releases vapors of Thymol, Eucalyptol, Menthol, Camphor, and Pine Tar, that are inhaled with every breath, through the air passages to the lungs. These vapors open the air passages, loosen the phlegm, and heal the raw surfaces. If the cold is in the chest, apply hot wet towels to open the pores. Vicks' is then absorbed through the skin, taking out that tightness and soreness.

A little Vicks' applied up the nostrils and over the temples is very beneficial for head colds and catarrh and will relieve most cases of headache and neuralgia. Vicks' is also excellent for Asthma, Hay Fever, and Bronchial Troubles. Three sizes, at all dealers—25c, 50c, and \$1.00.

F., Dec. 4.—Relief for the destitute inhabitants of the barren Labrador region has been undertaken by the New Foundland government and the steamer Kyle is now ploughing her way through the ice-choked waters off the Labrador coast. The Kyle is carrying a cargo of provisions to Sandwich Bay, which is about a hundred miles north of Battle Harbor, where Dr. Wilfred T. Grenfell maintains his mission station and hospital. The Kyle was chartered by the government after word had been received from Dr. Grenfell and others of the serious conditions prevailing in Labrador. To add to the suffering, a severe epidemic of influenza is raging. The relief measures instituted by the New Foundland government will ease the situation somewhat and will tide the people over until next summer.

BIG CROWD WAS OUT AT THE EAGLES ELECTION

Annual election of officers drew one of the largest crowds to the Eagles' weekly meeting Thursday that has attended a huge meeting during the past year. The lodge took on a new lease of life during the evening and great things are expected of it during the coming months.

Contrary to expectations, there was no contest for the office of Worthy President, and W. O. Staiger was chosen unanimously. Julius Arbogast, mentioned as a candidate, withdrew before the voting started. The other officers elected were: E. M. Presler, vice-president; Ed F. Presler, chaplain; Paul K. Bauer, inside guard; Charles Cronin, outside guard; secretary, W. N. Gableman; treasurer, George H. Froshell; trustees, 3 years, Henry Roth; 2 years, Otto Lauffer; one year, Dr. H. E. Hawke; aerob physician, Carl E. Brumlin.

The newly elected officers will be installed at the first meeting in January, and the event will be made a notable one.

Arrangements were completed for the celebration of the 11th anniversary of the founding of the order in this city on Thursday evening, December 17th. Other social events will be arranged during the winter months.

The lodge is in a flourishing condition and will occupy its new home in the Elk building at the expiration of the lease on its present quarters.

CASE GIVEN TO JURY

The suit of Fenton McCoy and Samuel Baldwin against George P. O'Bryant and Arthur Blockman, an action to recover judgment for \$150.00, started before Judge Thomas and jury in common pleas court Friday morning, went to the jury at 1:30 o'clock Friday afternoon, which had not reported at press time.

The plaintiffs brought suit against O'Bryant and Blockman for balance alleged due them on a balance of a contract entered into in 1912 to cut the timber off their lands. The defendants, however, in their answer and cross-petition, deny the claim and allege that the plaintiffs moved their saw mill off the land before the contract was completed, damaging them to the extent of \$735, the amount for which they ask judgment.

George W. Sheppard for plaintiffs, and Horner L. Small for defendants.

W. F. Nihart, the local representative of the American Book Company, went to Cincinnati on a business trip Friday.

BOY SCOUT NEWS

City Boy Wins
A very interesting and close debate was staged last night between the scouts of troop 8 and 9 at the U. B. church, with the latter victors. The subject was: "Resolved that the country is the best place for the development of the boy." Troop 8 had the affirmative side, represented by Deputies Doll and Davis. Troop 9 the negative with Deputies Walker and Noel. The judges were Robert Sanson, H. L. Chise, and Denver Mann.

Fine Lecture Tonight.
Sergeant Heiniger's lecture on the "Philippine Islands" at the Trinity Boy Scout meeting tonight is one of the big features of the week's scout program. His address is a thriller all the way through, and never fails to interest. While the lecture is chiefly for Trinity scouts, all scouts of the city will be welcome. Program begins promptly at 7:00 p. m.

New First Class Scout.
Having passed the First Class scout examinations, and accepted by the First Class Fraternity, Corwin Knowles, a scout of troop 8, received his first class badge at Boys' Headquarters Thursday afternoon, making the twentieth first class scout in Portsmouth. He is now eligible to compete with the other scouts of this rank for Merit badges. He is the son of Mr. Arthur Knowles, 1917 Robinson avenue.

Two Debates Scheduled
Two good debates are scheduled

for next week in which some of the best scout debaters in the city will participate. Troops 8 and 9 will both have again Monday evening at Mandy M. E. church. The subject will be: "Resolved, That Amputation Is the Best Method of Settling National Disputes." On Tuesday evening at the U. B. church Troops 2 and 3 will debate on a subject to be selected Saturday. These debates are proving very interesting and instructive, and giving the boys ample opportunity to work out for the cup series which begins the week following Christmas.

Honors For Luensville Scouts
Portsmouth Scouts are not the only ones winning special honors. Two young men from Luensville are winning merit badges now in competition with their Portsmouth brothers. Scout Charles Davis of that town won three the past week in Carpentry, Personal Health and Craftsmanship. Scout Frank Doll in Personal Health.

Sciotoville Scouts Hustlers
Last week the Sciotoville Scouts disposed of twenty-five copies of the Official Boy Scout March, and sent in an order Thursday for thirty more. They are raising money for their camp next summer. Mr. Melvin Bentley is the Scout Master of this progressive and wide-awake troop, and has gathered around him a band of loyal young Scouts. They are making splendid progress with their log cabin, and hope to have it completed before the real cold weather sets in. They have fitted up a very cozy little club room in the basement of the Methodist parsonage where meetings are held weekly.

SMITH FACES GRAVE CHARGE

William Smith, a Twin Creek farmer, was bound over to the grand jury on a charge of seduction, by Squire Cyril Vance, of Pond Run, Friday. His bond was fixed at \$500, in default of which he was taken to the county jail. Only the testimony of the complainant, Miss Ruby Roberts, was taken, though

Smith had summoned quite an array of witnesses.

Joe Kelly, of Arion, appealed to the local police early Friday morning to help recover a bound dog stolen from him during the night. He offers a \$5 reward for its recovery.

Rapid absorption of the \$12,700,000 4-1-2 per cent trust certificates of the Canadian Pacific railway pointed to an increasing investment demand.

Chicago, Dec. 4.—Wheat developed some fresh strength today owing to a continued advance in price at Liverpool. The bulls were made cautious, however, by assertions from British trade authorities that imports from the United States would gradually be reduced to 4,000,000 bushels a week. Besides the Argentine harvest was said to be making excellent progress. After opening 1-8 to 3-8 higher, the market hesitated somewhat, but then secured a moderate new upturn.

Corn showed a tendency to sag. The bear argument was that receipts were too heavy for current requirements. Opening prices which varied from the same as last night to 1-8 lower, were followed by a little sellback all round and later something of a rally.

Scantiness of country offerings helped to steady oats. Transactions were almost entirely between pit speculators.

Higher prices for hogs gave a lift to provisions. Receipts at the yards here and throughout the west were much less plentiful than has been the case of late.

Reports that all drought rec-

ords for 20 years had been broken in western Kansas operated as help to the bulls. So also did talk of possible German interference with Argentine shipments to Great Britain. The wheat close was strong 1-1-4 to 1-1-8 to 2-1-3 above last night.

Subsequently there were disclosures of sales for export. The corn finish was unsettled at 1-8 to 1-4 to 1-3 net advance.

THE first step in the development of personal efficiency is to put away in a safe place a portion of your earnings.

You never saw any one who had developed a great deal of efficiency, who kept his income about him in "coin of the realm."

It is most difficult to save money when its constant presence gives a constant temptation to spend.

A check drawn for every expenditure, leaving a permanent record of to whom, what for and how much—that is the efficient method of discharging obligations.

Paying in currency, thus leaving loopholes for disputes, is utterly deficient. It takes more time and costs more money to pay in this way.

As a depositor and frequent caller at this bank you focus on your affairs the helpful interest of its officers. Being accustomed to advice in financial affairs, their viewpoint and their experience cannot fail to be of real value to you.

Let this bank help develop your efficiency.

May Mean New Firm

A business announcement of considerable interest is to be the sequel of Battling Nelson's visit to the city Thursday and Friday, it was stated Friday. Nelson is to be one of the principal stockholders in the company, it is asserted.

New Trial Asked

Attorney P. W. Moulton, representing the plaintiff, has filed a motion in common pleas court for a new trial in the case of Emma Sherborne against the Portsmouth Street Railway company, a suit for \$10,000 damages for alleged personal injuries. A jury in common pleas court recently returned a verdict for the defendant.

AL. HAMMEL, MANAGER

NELSON TRIES TO KEEP 'EM AWAKE, INSTEAD OF PUTTING 'EM TO SLEEP

"I've got a new job," said Battling Nelson, former lightweight champion and the hero of the 200 arena battles Friday.

"Instead of putting them to sleep in the ring, I'm now waking them up in the theatres. You know I'm in vaudiville and have a clever monologue even if I do admit it myself," continued the former champion, who arrived in Portsmouth Thursday evening to pay a short visit to his friend, Carl N. Hansen of Fifth street. A dinner party was given in honor

of the ex-champion at the home of Mr. and Mrs. Hansen Thursday evening. The party attended the second performance at the Sun theatre and the Battling Nelson for a lot of good natured kidding at the expense of the comedians in "Fascinating Flora." They directed their targets at the Battling Nelson and the audience enjoyed their witty remarks.

It was on Labor Day, September 3, 1896 in Hammond, Ind., that Battling Nelson, then a slender, endow youth of Chicago fought his first ring battle. He won it, but the \$1 he was to have got was not turned over to him. But in addition to being robbed of his purse had his coat and vest stolen. He was not discouraged. He went into his opponent and knocked him out in six rounds. Then and there was founded his ring career, which is one of the most spectacular of all lightweights.

Time was when the courageous, puncher-like Battling knocked his opponents' out with almost unerring skill.

"And to think," said Nelson, "ten years after my first fight in Hammond I fought the famous Joe Gans in Goldfield and I received \$23,000 for my efforts. I didn't know there was that much

money in the world. If you recall the fight it was a memorable battle. It lasted 42 rounds and the referee gave the decision to Gans on a foul," said Bat to the Times Friday.

"But I got my revenge later as

in two subsequent fights I licked Gans. These fights put Gans out of the running. There was a wonderful piece of fighting machinery. Game to the hilt, aggressive, with a wallo in either hand Gans achieved undying fame in the realms of pugilism. The fighting game lost one of its shining, honorable and brave exponents when the Great Referee counted ten over Joe Gans," said Nelson.

"I'm done as a fighter. The gong has tapped the last time for me. I have had my inning in a pugilistic way. The old boy is all in a fishy way," admitted Bat.

"I was up there for a long time and put a lot of wise cracks to sleep, but that day has passed. When I fought that Michigan Bearcat, Ad. Wolgast in Milwaukee, October 13, 1913 and we were both bruised and battered up, then it was that I deemed it advisable to quit. I'll tell you it is hard to quit, too, believe me. The ring seems to get in your system. Once there it is hard to drive out. I really should have quit two years ago, but I could not get my consent to put away the gloves, the mits as we call them. The ring has always allured me. I found it fascinating when I first saw one up in Chicago. I always wanted to be a champion and I guess you'll admit that I was a real champion," said the Battling, who in the zenith of his career was a real impetuous, a lightweight whom the public admired for his fighting qualities. Nelson was not a darning lawyer in the ring. He was a bull dog fighter. His aggressiveness paved the way to a championship.

Nelson left Friday afternoon for Cincinnati. He is scheduled to referee a ten round bout there tonight. He will be the guest of Joe Nolan, sporting editor of the Cincinnati Enquirer.

will surprise and please the most exacting patron. The story is brimful of healthy excitement, a romantic mixture of daring and love, the character of "David Higgins" is an example of American grit and determination. The race track scenes are thrilling and the costuming and staging throughout the entire production is the last word of perfection. "Fascinating Flora" Put On In

At The Exhibit "The Broken Barrier" is the name of a two reel picture at the Exhibit tonight, supplemented by a Keystone comedy. For tomorrow night Manager Law offers a powerful picture, "A Kentucky Fend," in three parts.

"Thou Shall Not," which was shown at the Exhibit last night, proved to be one of the most remarkable pictures ever shown in this city. Owing to adverse weather conditions and the correspondingly small crowd, Manager Law expects to show it again in the near future.

"The Broken Barrier" interesting tells the following interesting story:

Emmie Cosgrove discovers on the eve of her wedding to Jack Hilley, the son of a socially prominent but impetuous family, that her mother has written a letter to Jack proposing the marriage and offering Emmie's fortune in exchange for the social position. Young Hilley, being in love with Emmie, does not tell her of her mother's offer.

Emmie on her honeymoon tells Jack that their wedding must be one of farm only and Jack, much puzzled, agrees. Finding his small fortune rapidly diminishing, Jack

THEATRICAL

Good Shape by Excellent Company

The offering at the Sun the half of the week is a musical comedy, "Fascinating Flora," a tabloid version of the tuncful comedy of that name. Large crowds attended every performance and everybody was pleased. There are several good comedy parts taken care of in excellent shape by people who know how. The chorus is good and shapely with good voices.

This charming little piece is handled by nine girls and five men and there is not a dull moment. The plot is well taken care of and the staging and costuming is superb.

Mary Billsburg, one of the girls in the play is stunning and enured again and again on her songs make an especially big hit in "Fame of Love." Ben Bernard as a Brazilian Count got away with the comedy parts of the show in splendid fashion and was ably assisted by the rest of the company.

A good bunch of dancers and singers help to complete the success of the dainty musical offering.

Among others in the company who deserve special mention are W. J. McCafferty, Robert McCauley and Frank Cozine all of whom are good and who have had much experience in this line and good audiences are the rule at the Sun now. This state of affairs will continue so long as the present high standard is kept up.

OPTIMISM REIGNS AT BOARD OF TRADE BANQUET

ROSY OUTLOOK FOR FUTURE PORTRAYED BY THE SPEAKERS

NEWLY ELECTED OFFICERS

President, W. B. Anderson.
First Vice President, H. S. Grimes.
Second Vice President, F. V. Knauss.
Third Vice President, Simon Labold.
Directors: J. W. Bannon, Jr., John C. Bauer,
J. Arthur Bode, R. G. Bryan, Charles Daehler,
John McMillan, Albert Marting, M. W. Selby,
L. C. Turley, Albert Zoellner.

Optimism was the refreshing key-note of the annual banquet of the Portsmouth Board of Trade, held Thursday evening in "The Club" auditorium on Fourth street. The speakers talked it, the listeners breathed it, and the air was so pregnant with it that every one present left the hall an enthusiastic booster for Portsmouth and her interests.

Over one hundred members of the organization, numbering among whom were the men whose genius and energy have brought Portsmouth to the high pinnacle of industrial and commercial supremacy among the cities of the Ohio valley which she so proudly occupies, were gathered around the banquet tables.

Among all of them there was but one big idea, optimism for the future. Not one of the many who gathered there but left with the thought firmly imbedded in his mind that the country is about to throw off the mantle of business depression which has covered it during the past year and emerge into the greatest era of prosperity which it has ever known. True to past performances, Portsmouth will be among the vanguard of cities bountifully favored, according to the united opinions of its foremost citizens, emphatically expressed Thursday evening.

Mr. Anderson Sounds Keynote

President W. B. Anderson in his brief survey of the past year and the outlook for the future, sounded the key-note in the opening address of the evening. It was taken up and reverberated by the speakers who followed. Throughout all the speeches of the evening, there was that air of sincerity which established beyond question that it was founded upon facts, and not idle dreaming.

W. C. Cullins, the able and efficient secretary of the Chamber of Commerce of Cincinnati, brought a message of hope and assurance from the Queen City of the West; Congressman-elect Kearns of Clermont county seconded it convincingly, besides assuring the business men of Portsmouth and Scioto county that they will have a representative in the National Congress who will be a friend and supporter of legitimate business and enterprise; while the local speakers shared in the feeling of renewed confidence that is sweeping over the country, which holds such an abundance of promise.

Evening of Pleasure and Profit

Wit, humor, and oratory, preceded by a feast of choicest viands combined to make the evening one of pleasure and profit for all who attended. It served to awaken again the spirit of civic pride and organized commercial endeavor without which a city would

stand still.

Business men from the West End rubbed shoulders with their fellow merchants of the new and growing East End; manufacturers, railroad men, retail merchants, wholesalers, and professional men joined hands in the advancement of the city's kindred interests. There was a community of interest and feeling which presages rapid and substantial growth of the city's varied enterprises.

Four hours were spent by the banqueters in social intercourse, feasting, and listening to the advance notices of the dawn of a new era of prosperity. In those four hours were fashioned the groundwork for the energy and stimulus that is destined to mean a year of great development for Portsmouth and her varied industries. Saturated with optimism and renewed vigor, the individual went forth with a consciousness of his duty as a public-spirited citizen and a determination to do it.

Dinner Was A Big Feature

Every detail of the big affair was carefully planned and admirably carried out by the capable committee in charge. The dinner, prepared and served by the ladies of the All Saints' church, set a new mark for them to emulate in the future. No better choice of speakers for the evening could have been made.

The auditorium was profusely and tastefully decorated for the occasion. Large festoons of the American flag hung attractively from either end and both sides. Suspended above the speakers' table was a replica of the Great Seal of the State of Ohio, beneath which hung a shield of Old Glory, fastened to which was a beautiful basket of flowers, which rested in the center of the table. Baskets of cut flowers, uniformly arranged, adorned the long white tables around which the guests were seated. Candelabras, the candles lighted, heightened the color effect. Appetites were quickened by the entrancing music of Bode's orchestra, stationed in the balcony overlooking the auditorium proper. The amount of clear flavian smoke served as a quickening aid to digestion.

Mr. Bryan Fine Toastmaster

Small in stature, but mighty in his mental attainments and eloquence of speech, Robert G. Bryan, the toastmaster, guided the satisfied diners into a realm of oratorical effort.

With a brief recount of the accomplishments of the past year, and an optimistic assurance for the year that is to come, President W. B. Anderson justified the existence of the association of which he is the head and his own peculiar fitness for the place to which he was unanimously chosen for the second time.

Hon. Charles C. Kearns, the congressman-elect, won a secure place in the hearts of the moving spirits in the metropolis of the district which he has been chosen to represent by his manly stand for the enactment of legislation that will hasten the development of the Peerless City, and his promise to place patriotism above other

MODERN PICTURE MACHINE INSTALLED AT THE TEMPLE

In keeping with his policy to give the East End one of the most up-to-date moving picture houses and at the same time to afford his patrons the best that the movie world offers, Manager Smith has installed a new moving picture machine. It is a 6-A Powers, the most modern and finished on the market, and cost a pretentious little sum.

The machine is similar to the one recently installed at the Columbia theatre and similar makes are being operated in all the larger moving picture houses in the country.

Every modern contrivance

to known to perfect the reproduction of the films is contained on the machine. It is a gem of invention and just such a machine as moving picture men and promoters have been hoping would be perfected. The machine will be used for the first time tonight at the Temple theatre. Manager Smith has arranged to have two excellent pictures, a Kay-Bee and a Majestic thrown on the screen to test the new machine.

KEEP WHAT YOU GAIN

Most people who have but a small reserve of strength feel better in summer than in winter. The vitality pinches during the out of door season carries them through the trying weather of winter and early spring until there comes a time when the stored-up reserve strength is not sufficient.

Now, then, shall we keep and add to the reserve of strength that means so much? By taking Dr. Williams' Pink Pills, the blood and nerve tonic, to strengthen and sustain the system so that it can keep all the strength that it has gained and gain more. Dr. Williams' Pink Pills build up the blood and enable it to carry nourishment to every part of the body. Many disorders that have proved stubborn for years have been reached by this tonic treatment. Try these pills for debility, nervousness, headache, loss of appetite, sleeplessness, rheumatism, anemia or any other condition caused or aggravated by thin blood and weak nerves. Dr. Williams' Pink Pills contain no harmful ingredients of any kind. Two pamphlets describing the action of this remedy on the blood and nerves will be sent free on request by the Dr. Williams' Medicine Company, Schenectady, N. Y., if you mention this paper. Miss Dolly Wise

"The Bridge of Sighs". It is poetry.

A DEAR FRIEND,
I haven't got the poem, but imagine you could get it by calling at the library.

Dear Dolly.—I have been keeping company with a young man for several months and there is another girl who is trying to take him away from me. The other night she stopped him on the street and he just had to take her home he said. I got mad, and we quit. What shall I do? He wants to come back. Should I let him?

GRACE.

Yes, give him another chance. If the other girl deliberately waylaid him on the street, he couldn't help it. Don't be so jealous. He doesn't belong to you unless you are engaged.

Dear Miss Wise.—Please give me a remedy for an enlarged joint. I have a lump on my right foot, but am not sure whether it is a bunion or not.

KATIE.

A bunion is usually caused by ill-fitting shoes. I advise you first of all to get your shoes to fit you more comfortably. Soak the feet night and morning, wipe dry and rub with a mixture of spirits of turpentine and lard (equal parts) or turpentine and sweet oil (1 to 3 parts) until the soreness subsides. Dust between the toes with talcum powder and place a little cotton between toes, so as to absorb any moisture. The wearing of a bunion plaster will often give relief. Get such a plaster at the drug store and stick with the seissors around the inside circle or opening. Moisten the plaster and put it over the bunion. Put a small wedge of felt between the great toe and the second toe, which will throw the foot more into shape. It will greatly relieve the pressure of the joint. The local shoe stores are now showing shoes that will greatly relieve corns and bunions. Watch their ads, which appear almost nightly in The Times.

Dear Miss Wise.—Please give me a recipe for prune salad?

HOUSEWIFE.

Yes, you can hold your own hands or let some other girl hold them. It is hardly necessary or strictly proper to let a man hold your hands. He will think less of your dignity if you do.

Miss Dolly Wise.—Will you please publish in tomorrow night's paper where I can get

Times Service Pattern 1143

1143. Dolly's Holiday Wardrobe.

What little mother will not be pleased with this lovely outfit for her dolly. Here is a dress with raglan sleeve section and a jaunty cuff. It may be gathered at low waistline in Italian style, or worn without the belt. The dress may be of lawn, batiste, crepe linen, silk or cashmere, and if dolly's mother is handy with the needle, a pretty finish in feather stitching or embroidery will form a suitable decoration. For cold weather or for "evening wear," dolly has a comfortable cape—to be made of Bedford cord, cashmere, broadcloth, silk, velvet or eiderdown, with soft silk or batiste lining for the hood. Dolly's set of underwear is quite in keeping with her up-to-date dress. There is a combination garment forming a chemise and drawers, the chemise doing duty also as an under waist, to which the petticoat is buttoned. These little garments are nice in soft lawn, muslin, or crossbar muslin, or crepe, and a finish of narrow lace or embroidery edging is very suitable. The patterns are cut in 6 sizes.

The set, comprising all illustrated for dolls—11, 16, 18, 20, 22 and 24 inches in length. To make the dress it will require 1-1/8 yard of 24 inch material. The cape, 1 yard of 11 inch material. The combination and the petticoat, 1-1/4 yard of 36 inch material for a 22 inch doll.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

Constipation a Penalty of Age

Nothing is so essential to health in advancing age as keeping the bowels open. It makes one feel younger and fresher and forestalls colds, piles, fevers, and other dependent ills.

Cathartics and purgatives are violent and drastic in action and should be avoided. A mild, effective laxative-tonic, recommended by physicians and thousands who have used it, is the combination of shule herbs with popsin sold by druggists everywhere under the name of Dr. Caldwell's Syrup Pepsin. The price is 60¢ cents and one dollar bottle. For a free trial bottle write to Dr. W. B. Caldwell, 431, Washington St., Monticello, Ill.

Practical Prescription Against Stomach Acidity

Symptoms of all cases of stomach trouble nowadays are caused by too much acid. In the beginning the stomach fluid is not digested but if this acid condition is allowed to continue, the next is very likely to eat into the stomach walls and produce stomach ulcers which may render a radical surgical operation necessary even to prolong life. Therefore, an acid stomach is really a dangerous condition and should be treated seriously. It is utterly useless to take popular and ordinary stomach tablets. The excess acid or stomach hyperacidity must be neutralized by the administration of an efficient antacid. For this purpose the best remedy is Magrath's magesia taken in tepid-water doses in a fourth of a glass of water after each meal. Larger quantities may be used if necessary as it is absolutely harmless. Be sure to get your change for the Magrath's magesia as other forms of magesia make effective mouth washes but they have not the same action on the acid in the stomach.

MEMORIAL SERVICES AT CHRISTIAN CHURCH ON SUNDAY EVENING

The members of the Junior Order United American Mechanics and the Daughters of America will attend services at the First Christian church Sunday evening in a holy, where they will listen to a memorial address by the minister, Crayton S. Brooks. Both these splendid or-

ders will be well represented, and it is hoped to have every member present. Rev. Brooks is well acquainted with the objects and aims of the Junior O. U. A. M. and will have something interesting to say.

Services at the church on that evening promise to be more largely attended than for some time, for there is a concerted action on the part of the men of the church to show forth in their fullest strength. Practically every male member of the church who has been interviewed has promised to turn out, and this, coupled with the fact that the two growing orders will be present, insures a great crowd, one that will spur Rev. Brooks to his highest possible effort. Special music will add much to the interest of the services, which will begin promptly at 7:30 o'clock.

Mrs. Mary Bruce, a St. Paul, Ky., storekeeper, who has been suffering with blood-poisoning for several weeks past, is gradually growing worse.

Busy Protecting The Poor Polecats

Upon receiving complaints that polecats had been trapped before season near South Webster, Deputy Game Warden Judge Ball for Scioto county, spent several hours in that vicinity Thursday and he ran into a peculiar situation. He learned that polecats were

STOMACH UPSET?

Get At The Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach trouble.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, constipation or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color and the mark without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

being trapped in a most singular manner and after investigating these traps he is in a quandary as to whether they are within the law or not. Judge Ball said Friday that he believed there were 300 of these hand-made traps in vicinity of South Webster.

"When the polecats enter the holes to get the meat placed on a stick they pulled down the stick and this permits a huge rock to fall on the polecats. No steel is used whatever. It is a question now as to whether these traps are illegal or not. I shall get in touch with the Columbus authorities and explain the situation as I found it," said Judge Ball, Friday.

The polecat season opens November 15 and closes in February.

Judge Ball was called to South Webster to look into a report that polecats had been trapped out of November.

RAMEY IN COLUMBUS?

A. R. "Tug" Ramey, carpenter, who so mysteriously left the city Wednesday morning, is thought to be in Columbus. He was reported Wednesday afternoon by Ed. Conklin on No. 15 going to Columbus in search of work.

Mrs. Ramey stated Friday that he had talked of doing concrete work in Columbus several times, but did not say anything of going. The story of Ramey's whereabouts was told by Pete Bussey, of Sixth and Boundary streets, who met Conklin in Chillicothe Thursday afternoon.

Mrs. Ramey stated Friday that there was no family trouble of any kind to cause him to leave.

New Boston Mayor To Lavish Year's Salary On A Barbecue

Mayor J. S. Davis of New Boston is planning big things for Christmas Day. He is going to give a barbecue at the town hall to which every resident of New Boston is invited. He will squander his yearly salary of \$100 in serving the feast.

He asked council to raise his salary when he took the chair but they refused. Spurning such a paltry sum of \$100 for a year's salary, he promised to give a big feast with the money as he did not care to accept it.

The eating will start at ten o'clock and continue until midnight. During the day there will be speeches by Mayor Davis, Mr. shal Davis, Deputies Martin Hall,

and Will Gibbs, Village Clerk Thomas O'Neil, Treasurer Joe Allen and all members of the village council.

All prisoners brought in the day before Xmas will be given a chance to get a square meal. Mayor Davis said Friday: "If any of them try to escape they will be given a sentence in the Cincinnati workhouse."

The W. O. W. met Thursday evening in the Davis hall and elected officers. An excellent supper was served. Mayor Davis gets credit for the splendid menu as he furnished it. Two new members, Clarence Patterson, steel worker, and Roy Willis, brick yard employee, were initiated. The officers elected were: Councilor commander, Don Payton; advising lieutenant, George Simpson; camp physician, Dr. W. G. Cheney; secretary, Thomas O'Neil; treasurer, J. S. Davis; sentry, Garfield Boggs; watchman, Edgar Lockhart; managers, Martin Hall and Walter Watson. These officers will be installed the first meeting night in January.

Clarence Eugene Harr, young son of Mr. and Mrs. Joseph Harr of Gallia pike, fell Thursday afternoon, while playing in the house and struck his tip on the edge of a rocking chair, splitting it.

Mrs. James Cragton, of Sixth street, has been quite ill for the past week.

GRAY HAIR

Darkened—Sure Pop—So Evenly No One Can Tell

When your hair turns gray, faded, streaked with gray or prematurely gray, simply apply, on retiring, like a shampoo, Queen Hair Color Restorer to hair and scalp. Soon the gray disappears and the hair becomes beautifully dark, so evenly and completely even to edges where hair joins the scalp that no one can tell you are anything. Although not a dye, Queen acts on the hair roots and makes the hair dark, lustrous, soft, fluffy, thick, healthy and abundant and keeps itching scalp and dandruff. Queen is a simple, harmless, clean preparation, not sticky or messy, and makes a splendid hair dressing. Money back if it doesn't satisfy you in every way. Only 5c for a 1 1/2 oz. bottle at Stewart's Drug Store, Portsmouth, Ohio. Out-of-town people supplied by mail.

NEW BOSTON

Nat Warnock and John Stewart of Tygart, Ky., swore out a warrant for the arrest of Frank Bayl, shantyboatman, Thursday afternoon, for alleged stealing of 15 bushels of corn and some clothes. Sometime Wednesday night unknown parties in a boat shocked about fifteen bushels of corn on the Warnock farm and stole a vanishing from a line on a neighboring farm of David Hamilton. The shantyboat of Bayl was moored near the mouth of Tygart creek until Thursday morning, when he pulled up stakes and left. Suspicion pointed to him when he made the move. Stewart and Warnock went to the boat Thursday afternoon just below the new water works on the Ohio side and as Bayl would not allow them on the boat they swore out a warrant for his arrest. Officers Davis and

Hall accompanied by the two Kentuckians, went to the boat and searched it but could find no trace of the corn or clothes. Bayl is well known in New Boston and Seintoeville as he lived in the latter village a number of years.

MAYOR AND AN ATTORNEY LOCK HORNS IN COURT

The controversy relative to manumission reached the mayor's court Friday. Mrs. Alice McClure, a chambermaid at the hotel, filing a disorderly conduct charge against O. E. Gibson, proprietor of the Gibson restaurant.

Attorney William R. Sprague, who appeared for Gibson, locked horns with the court at the very outset of the case, for after the mayor over-ruled counsel's motion for a jury trial, Mr. Sprague charged that no fair court would entertain or give consideration to hearsay.

The mayor pointedly told Sprague

he knew absolutely nothing about what he was talking of, and that had Gibson come into court without him he would have been dismissed and gone long ago. Sprague left the room muttering dire things.

Mrs. McClure based her affidavit, it seems, on vilifying remarks alleged to have been directed against her and the other hotel help by Gibson after Officer Moore visited the scene Thursday. Gibson denied the accusations.

Some of the testimony was so obscene as to be unprintable.

The mayor dismissed Gibson and announced that another inspection

of the premises would be made in ten days.

Gibson later called up the mayor and assured him that had he known him to be as impartial as he had proven himself to be, he would not have employed a lawyer.

H. G. Harris, the clerk, forger, was brought into court Friday and informed that unless he was able to raise \$50 by evening to make good the checks he passed, that he will be bound over to the grand jury and transferred to the county jail. He says that not only his own relatives, but the whole world seems to have

turned against him.

BONZO IN SOLOMON ROLE

Officer Joe Bonzo enacted the role of a Solomon in deciding the ownership of a white poodle dog Thursday afternoon.

A young girl approached Bonzo on the streets and reported that a neighbor woman was trying to take a dog away from her mother by force. Joe accompanied the

girl to the East End and found the girl's mother, Mrs. Nettie Carter of 321 Murray street and Mrs. Emma Smith of 1831 Prospect street conducting a veritable tug-of-war in the alley at the rear of their homes. One was holding the dog by the head and the other by the legs and tail. Back and forth they struggled while the poor lit-

tle canine was putting up the best protest it could. Joe broke the women's hold on the poodle and no sooner did it strike the ground when it started for the Smith home. "See there that dog is going to its regular home," said Joe. The question being settled and peace once more reigns supreme in the neighborhood.

THIEF STOLE CAN GOODS

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Look years younger! Try Grandma's recipe of Sage and Sulphur and nobody will know.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray, also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wegh's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You slumber a spring and break with it, and draw this soft, pure hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Johnson's Hurdle To Feds To Stir Up Real Hornet's Nest

Washington, Dec. 4.—Plans were under consideration by Manager Clark Griffith and other officials of the Washington American league baseball club here today for preventing Walter Johnson, the club's star pitcher, from carrying out the terms of the contract which he signed yesterday with the Chicago Federal League club. The defection of Johnson would leave the Washington club without a single veteran pitcher on its roster.

Johnson last year received \$12,000 for his services to the Washington club and Manager Griffith claims that \$2,500 of this sum was paid him as an option on his services for the coming season.

"Walter Johnson will play with the Nationals next year, or not at all," according to Griffith.

"I'll sue him to the end of the earth."

During his career here, Johnson has been idolized by Washington "fans." Last year he was honored with a "Johnson Day" and presented with a huge silver loving cup filled with money.

Chicago, Dec. 4.—President B. B. Johnson of the American league is of the opinion that the Chicago Federal League club, which yesterday signed Walter Johnson, star pitcher of the Washington American league club, to a two-year contract, will find him "a costly luxury."

"The Washington club offered Johnson a higher salary than any club could afford to pay him," President Johnson said. "That was \$10,000 a year for a period of three years. I do not know the price at which he jumped to the Feds, but he was reported to have been offered \$20,000 a year by the St. Louis Federals."

SIGN WITH FEDS

Columbus, Dec. 4.—Fred Troutman and Joe Potter, who were together a year ago last spring on the Ironton Ohio State League team, are to be Indianapolis Federal League rookies on the next training trip. Troutman lives in Bucyrus and last season, after drawing two Ohio State releases, went to Appleton's Wisconsin-Illinois club, where he got along very well.

Potter, taken from the Columbus Barnegats team by Al McElroy, who was the Ironton manager, let down after having won the shortstop's job and was released.

MIKE DONLIN RELEASED

New York, Dec. 4.—Mike Donlin, actor-ball player, good fellow and heavy hitter, has been released by the Giants. It is understood he will return to the stage.

EXCHANGE OF PLAYERS IS COMING IN NATIONAL

New York, Dec. 4.—While the National league club owners at their annual meeting here on Tuesday are discussing questions of policy and making plans to fight the new Federal League, their managers, according to advance notice, will establish an exchange of players that will result in some of the biggest deals in the history of the older organization.

Several managers, it is reported, are on their way with instructions to bid high for players needed to make pending contending teams. Miller Huggins, manager of the St. Louis Cardinals, Manager McHale of the Giants, and Manager Stallings of the Boston Red Sox have announced they are in the market for players who will strengthen their teams. Roger Bresnahan, new manager of the Chicago Cubs has several pitchers to trade for an outfielder.

OLD RECORDS SMASHED

On the 14th of October, 1911, exactly 23,281 people paid \$75,000 to see the Giants and Athletics meet at the Polo Grounds in the first game of the World Series. There had been gossip before this of greater crowds at football games and at the race track, but so far as we know this was the largest officially registered crowd, all paid customers, that had ever witnessed a sporting event in America.

This was a city in itself, and a huge fortune arranged with it, but a long time in outline compared to the number of souls and the number of dollars the great Yale bowl was built to handle for the Yale-Harvard battle of November 21, 1914.

Seventy thousand seats, calling for a \$10,000 tax at the gates, was the record set up in the New Haven armory, almost doubling any just mark in American sporting history. Records are broken frequently in this sport and energetic hand of ours, but seldom broken with such smashing effect—and with such a wide margin beyond the old mark that faded and vanished from sight in the rear.

OUTLOOK AT DELAWARE

Delaware, Dec. 4.—Preparations for Ohio Wesleyan's 1915 football schedule are already under way, and it is believed here that a much more satisfactory schedule will be arranged for next season than that handed out to the team this year. Wesleyan is in a somewhat better position to bespeak the schedule she desires than for the past two years.

The Colgate game probably will not be scheduled for next year, as it is considered both too expensive and too hard on the team to make the trip there, and it is thought hardly possible for the Easterners to come to Delaware.

These facts are registered here, as the relations between the two schools have been of a most pleasant nature. Ohio State is expected to be met in Columbus for the second game of the season, and Wittenberg may be scheduled for the first, this game being played in Delaware. Denison, Oberlin and another team are expected to be played here, with Case and Cincinnati away. The Oberlin game is considered as good as arranged now, under a contract of previous years.

WHAT ELSE COULD HE DO?

Philadelphia, Dec. 4.—"I wish him the best of luck," said Charlie Mack Friday, when told that Eddie Plank had signed a Federal League contract.

"Are you sorry to see him go," Mack was asked.

"Oh, no," he replied. "I was through with him. He was a wonderful pitcher." Mack said, in speaking of Plank's 14 years' service with the Athletics, "and he is a good one yet."

That Plank would jump to the Federals was not unexpected here.

Manager Mack startled the baseball world shortly after the conclusion of the world series by announcing that he had asked waivers on Plank, Chief Bender and Jack Coombs. All the American league did not waive on Plank and Bender, and agents insisted Plank at Philadelphia in an endeavor to induce him to remain in the American League.

MAHAN IS NAMED

Cambridge, Mass., Dec. 1. Ed ward William Mahan of North Adams, full back on the Harvard varsity football team for the past two years, was chosen captain of the 1915 team at a meeting of the 1914 squad today. Mahan, who is in the junior class, prepared to follow in Paul's Anderson's footsteps, where he was a member of the football, basketball and track teams. He captured the Andover time and runs last year at Harvard was captain of the football team. He is 27 years old.

To Trade Hunter

Columbus, Dec. 3. Fred Hunter, who is a resident of Columbus and a member of the Matavia Billiard Company, is said to be scheduled to go to the Seattle Northwestern League club. The Cantillon are to get Outfielder Swath for him.

Ashtand Vinton, Frank, who is an Assessor, was a member of the team last year.

The Intersectional Series

A few years ago the West, in a body, was more than keen for an intersectional football argument with the East, but the East was then the shy and diffident party. Now the East is anxious to plunge into an intersectional debate, but outside of Michigan and Notre Dame the West has developed the ancient custom of the East, the conference standing pat as an aloof corporation.

In spite of which the broadening tendencies of intersectional games have been proved and 1915 is almost sure to see more of these contests than any other year on the docket of sport.

The Harvard-Michigan game, in addition to being a fine football battle, was a carnival of sportsmanship unsurpassed.

Princeton will join with Harvard, Yale, Penn and Cornell in arranging Western competition when the next schedule is arranged, provided there is any tendency on the part of leading Western eleven to join with Michigan and Notre Dame.

Only the East can hardly take it for granted that the West is to do all the visiting, for not even Harvard, Yale or Princeton has yet reached that exclusive point of inner royalty. If it is to be—which it should be—a friendly and instructive affair, then an interchange of visits is in order.

HAUGHTON AND HARVARD

Percy Haughton, the czar, Emperor, Mandarin, and Kaiser of Harvard's football fortunes, has shown again the value of systems over individuals.

In the six years before Haughton came to Harvard, Yale had rolled up 74 points against Harvard's 41.

In the first six years after Haughton arrived, Harvard has scored 30 points against Yale's 9—not including the 1914 battle. Which is quite a shift. Before Haughton landed with his system, Harvard had won but three games from Princeton out of fifteen. After the landing Harvard won three out of four starts, and only a costly fumble kept it from being four straight.

Yale ruled in the old days through Camp's fine system—a system continued from year to year. When Camp dropped out the old Yale system flattered and shifted and lost its organized efficiency.

Princeton has enjoyed neither a Camp system nor a Haughton system, and so has been forced to depend upon Tiger courage, alertness, and individual skill, which is something to have, but which is under a heavy handicap when thrust against the same virtues organized and directed in the proper way.

Yale this season secured Hinkley to give the Haughton system battle. But for the warfare between the Crimson and the Blue to be waged upon equal terms, Hinkley must be given his chance to build up and to perfect what he has only had a chance to start.

EICHENLAUB MAY GET JOB

Wellston, Dec. 4.—Ward from St. Louis is to the effect that Grant Ward may be let out as coach of the Christian Brothers' College next year. This is hard news for the local people to swallow as Ward has made a wonderful showing in the Mound City. With a team composed practically of Wellston boys, he has overwhelmed every team except Illinois.

The report says that there is some friction in the college and this may account for it. Raymond Eichenlaub, star fullback on the Notre Dame eleven, is said to be slated to fill Ward's shoes.

WOULD HAMPER THE GIANTS

New York, Dec. 4.—The proposal to limit the number of players to be carried by national league clubs, which it is said will be brought up at the annual meeting of the league here next week, will be fought by Manager John McGraw of the New York Giants in a statement made public today. Secretary John B. Foster said that any plan or suggestion to limit the number of players to 20 or 25 would be opposed by the New York club.

Secretary Foster said that McGraw intends to have fifty or more players in the training camp at Marlin, Texas, and while it is certain that this squad will be reduced before the team starts north, officials of the club are so sure that they will build up a winning team.

THORPE IN CLASS BY HIMSELF

(Grantland P. Rice.)

Returning from a recent football battle we put the query up to a brace of officials as to whether or not any one man could be called as the greatest individual football player of all time.

Both agreed that if any one man could be picked it must be Don Thorpe, who in their opinion was not only more than any other player in the field, but a master of the game.

Both agreed that Thorpe was a master of the game in every department of play, a brilliant runner, line smasher, drop-kicker, punter, tackler and blocker—and neither had ever seen him take out a second time for injury in spite of the opposing assaults hurled against him. They figured that both Day and Brickley stood high, but that both lacked the wonderful all-around brilliancy of the man who is undoubtedly the finest all-around athlete that ever lived.

Franklin, Dec. 4.—James Baisden, the crack Portsmouth skater, went down to defeat before Deputy McGovern, local roller speed artist. McGovern crossed the line almost a lap ahead of Baisden. ANTI-SALOON LEADER STICKS TO HIS GUNS, JURY PROBE MAY COME

The charges that were made by S. A. Probst in this city last Sunday that men were voted "wet" in Cincinnati at the point of a revolver, has stirred up a dinky warfare in Cincinnati, judging from an extended story in the Enquirer today. Mr. Probst is evidently sticking to his guns, as tucked away at the end of the Enquirer article is his statement, in which he says that he had obtained the affidavit of a negro that he and nine other colored men had been driven into the polls in the Eighteenth ward and forced to vote for the wets.

The Enquirer said:
It is probable that S. A. Probst, of the Anti-Saloon League, will be called upon to restate under oath to the Hamilton county grand

Dayton, Ohio.—"I want everybody to know what Vinol has done for me. I am now fifty years old and ever since I was a young girl I have had a cough most of the time, and sick headaches which left me weak and with no desire for food.

"I took all kinds of medicines but nothing seemed to do me any good. Finally my druggist asked me to try Vinol, saying that if it did not help me he would refund my money. I felt so much better after taking one bottle I bought more. Now my cough is entirely cured. I have no more sick headaches. I have a good appetite and feel better than I ever did in my life, and I cannot recommend Vinol too highly."—Mrs. J. C. Schneider, Dayton, Ohio.

Vinol is not a secret nostrum, simply a combination of the medicinal elements found in cod liver, together with tincture of cod liver oil and is delicious tasting. We ask every man or woman in this vicinity suffering from chronic coughs, colds or bronchitis, and every weak, run-down person to try Vinol.

jury the charges he is alleged to have made at Portsmouth on Sunday night that "in a certain precinct in the heart of Cincinnati a well known citizen actually voted ten men at the point of a revolver."

Prosecutor
May Act

Both amazement and indignation were expressed universally yesterday when the knowledge of Mr. Probst's alleged charges were made public by The Enquirer. Without a dissenting voice, denunciation came from every quarter, official and private, of disbelief of the charges. When asked if he had read Mr. Probst's alleged remarks, Prosecutor Pague said that he had just read them, and that he intended to take the question up this morning, to determine what steps shall be taken. It is likely that Mr. Probst will be called before the grand jury to tell that body what he knows and also to present any affidavits he may have. It is expected also that all persons making such affidavits will be called before the grand jury if the names are presented to the prosecutor.

President Robert C. Buchwalter, of the Deputy State Board of Election Supervisors, said:

"The charges are so ridiculous, so preposterous, that serious attention should not be given them. Neither persons nor precincts are mentioned, so that opportunity for investigation is not afforded. If Mr. Probst has any real information it is his duty as a citizen to present it to the proper authorities. The Election Board has investigated every charge brought to its attention thus far, and has found absolutely no evidence of fraud or intimidation of any kind."

The published charges of Mr. Probst aroused a veritable storm of indignation yesterday among citizens of all classes, who believe that the allegations are untrue, and that such unsupported charges reflect upon the intelligence and integrity of the citizenship of Cincinnati. A flood of letters and protests reached The En-

quirer yesterday afternoon and last evening, of which the following are representative:

Joseph Writes

A Long Letter

Harry S. Joseph, civil engineer, of Salt Lake City, general manager of a number of big public service companies in the West, wrote: "My only interest in the matter is that of a former resident of your wide-awake city, interested in its welfare and the peace and happiness of its citizens. I have lived in the West for some thirty years after graduating at your university, and visit this city every few years to meet my old friends and classmates.

"The act of intimidating voters of which the accusation is made by me Probst, who I understand is the leader of the Anti-Saloon League in this city, might well be worthy of the frontier days on the border line of Texas, but I had hoped that the civilization and enlightenment which should have come to the citizenry of a city with such a reputation for civic cleanliness and pride as Cincinnati enjoys, would preclude such a condition as is alleged by the gentleman existed. If such be true, it appears to me that the matter ought to be subject of a grand jury investigation. If the accusation made by Mr. Probst is untrue (and it appears to me that it would be unreasonable to be otherwise), then it appears to me that the citizens of Cincinnati ought to rise en masse and voice a storm of indignation against such an accusation.

"It is harsh enough when one's fellow citizens are accused of unfairness and crooked political methods, but to accuse them of being unable to dress in the exercise of their franchise contrary to their principles and will, at the point of a revolver, is outrageous and against all sense of decency.

"I was not interested in any way in the outcome of the recent election in your state as my business interests lie wholly in Utah, which has always been, up to now, the haven of safe and sane legislation, but I do know that such an accusation against any of our citizens as made by Mr. Probst would be resented most vehemently by the press if untrue, and I am surprised that the press here has not taken the matter up and denounced in unmeasured terms the public expressions such as were quoted in today's Enquirer as coming from one of your citizens."

Time To
Call Halt

J. A. McDonald, of 1880 Huron avenue, must have been very experienced when he wrote: "I was born and raised and have lived in Cincinnati all my life—and I am very proud of my home town.

"For some time this man Probst and others have been monopolizing a great deal of newspaper space and, as a matter of fair play, no exception could have been taken to a reasonable use of the papers for the presentation of their side of a controversy, but when they continually break into print with malicious and false statements, discrediting Cincinnati business houses, officials and citizens, it is pretty near time for some one to call a halt.

"I am not defending the liquor or allied industries, but I do resent the insult to the fair name and citizenry of my home town and the effect the libelous statements have on her reputation, not only in the entire state but through the country."

"I call your attention to a reproduction in this morning's Enquirer of an item taken from the Portsmouth Daily Times, quoting Mr. Probst, the Cincinnati Anti-Saloon League superintendent.

"No more infamous falsehood or slander upon the people of Cincinnati was ever uttered, and it is amazing that The Enquirer should reproduce it as something not to be questioned.

"Do you believe this statement or any part of it? If not, why should the fair name of our city and of its liberal people be defamed by the publication of this article as if it were the unquestioned truth?

"If it had been printed in The Enquirer with severe comment on the infamy of the author's utterances, it would have been doing justice to your fellow citizens and rebuking an outrage upon the people of Cincinnati."

Louis L. Rauh, of the insurance firm of Frederick Rauh & Co., and treasurer of the Business Men's Club, wrote: "I would respectfully submit to you that the effect upon the good name of our city must be very disastrous. That such a condition as portrayed in this article could not possibly exist in our community there can be but little question. The Enquirer stands for the honor and glory of Cincinnati, and I submit to you that a thorough investigation should be made of such contemptible charges. I sincerely trust that this matter will be brought before the city officials for a thorough investigation, and that you will prominently publish their findings, so that the people of the

country will realize that Cincinnati is a civilized and law-abiding community."

C. C. Woodberry, electrical

contractor, wrote:

"In this morning's paper you published a statement made by a Mr. S. A. Probst, at Portsmouth, Ohio, in which he claims that the voters in this city were intimidated by having a revolver flashed in their presence, compelling them to vote as the revolver flasher desired.

"You, as well as any other citizen in this city know that such conditions did not exist, and I do not think that publicity should be given such silly charges, especially when common sense would show the same to be entirely out of reason."

Presents For All The Family

What to give to the different members of the family as well as our many friends who are closely associated with us, is always a difficult problem. Our store offers exceptional advantages for procuring suitable presents for all. We shall not attempt to make a list as it would be out of proportion to the space which we can devote to this purpose. Below we give a few suggestions which may be of value.

FOR MOTHER

Mother would appreciate any kind of present, and it need not be expensive, either for it is the love and respect of the giver which she cherishes most. To be remembered is the all important thing. Any article of household use which she has felt the need would be very acceptable, even though it be nothing more than a paring knife. Of course you will give mother as nice a present as you can afford and put her name down on the list first.

FOR SISTER

Sister is a little more particular than mother or father as to what she would like. It would probably be a nice set of scissors, a fancy pen knife, manicure set or something of this class. If she is very small, a little saddle or other hardware toy would tickle her to death.

FOR FATHER

Any old thing will do for dad. He pays the bills, and don't expect much in return, but all the same he will appreciate any Christmas remembrance. Tools of many different kinds or a pocket knife, razor, strop or something of this kind would be most appropriate.

FOR BROTHER

Brother is very decided in his wants. He has probably been making them known for some time and it will not be difficult to make a selection. However, it is a good plan to encourage him in the use of tools. You could purchase a small set or select a few tools of real use that will give him necessary groundwork. A pocket knife is a favorite present for a boy, but the things he wants are too numerous to mention here.

SPANISH WAR VETERANS NAME THEIR NEW OFFICERS

The General Jacob H. Smith Camp, Spanish War Veterans, held a rousing meeting Thursday evening when the annual election of officers was held. Following the election General Jacob H. Smith gave a splendid talk on "Patriotism and One's Duty to His Country." It was one of the most interesting camp-fire talks ever heard in the G. A. R. hall.

The local camp was honored by the presence of Commander O. J. Rice, of the Chingras Camp No. 1 of the Panama Canal Zone, and S. H. Codron, from Pingree Camp, Detroit, Mich.

Comrade Frank Pratt was given a vote of thanks for the courage he displayed in securing the American flag belonging to Company H when it was neglected on the return of Company H from their Porto Rico expedition in the latter part of 1898. Comrade Pratt has the flag in his possession and a committee consisting of Adolph Reimer, Sam Williams and A. Herpin was named to confer with Mr. Pratt to see if he would not turn the flag over to the company.

Comrade Sergeant Louis G. Heininger was unanimously elected commander for the ensuing year. The other officers are: Senior vice-commander, Samuel Robb; Junior vice-commander, Ralph Culver;

officer of the day, Adolph Reimer; officer of the guard, Joseph Turner; and trustee, A. M. Barber.

Sergeant Heininger, who has been in charge of the local recruiting station for several years, was one of the first to take steps to organize an encampment of the Spanish War Veterans in this city.

The next meeting will be held the last Thursday in this month. The officers elected Thursday will be installed at the first meeting in January. Plans are being made to hold an open meeting at this time, to be followed by a banquet.

Condemn Buildings

According to the Morning Ironclad of Ironton, officials of the state fire department, who visited that city Thursday, will order the razing of about 50 buildings in Ironton, many of which are said to be in the heart of the city. The officials stated they would return to Ironton in 30 days, and unless their edict was complied with, legal steps would be taken to have the condemned buildings torn down at once.

Two of Portsmouth's most prominent lodges, the Woodmen of the World and the Modern Woodmen of America, will hold their annual election of officers tonight and the largest attendance of the season is looked for. Refreshments will follow the elections. Head Consul Baggs, of Cincinnati, will attend the W. O. W. meeting and is slated for a short talk.

DEGREE TEAM

At the meeting of the American Insurance Union, held Thursday night, arrangements were made to organize a degree team. Dan Dodge was unanimously elected to the captaincy and his assistants will be named in a few days. At the next meeting several candidates will be introduced. The membership campaign is running along at top speed and will result in many new members being added to the lodge's membership.
